Address:

18865 George Mims Rd, Andalusia

Price:

Free

We are a family owned sawmill business located in Andalusia just north of LBW College. We operate at full capacity and can cut up to 24' long

You can purchase what we have available on the yard, request a custom order, or bring your own trees for a discount. We are currently clearing a property with several yellow pine trees and have a short lead time on orders.

We also offer cherry, poplar, and oak. We currently have some large oak pieces that would be a great mantle piece!

Give us a call and let us help you with your next big project!
